## A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate woman and child. Not a drop of alcohol enters into their composition. A much better agent is used both for the clear and pure coughs, which are the principles used in them. It is pure refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent. Glycerine plays an important part in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels. Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use is persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases. In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hacking coughs caused by irritation and congestion of the bronchial mucous membranes. The "Dis" covers" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the chronic, chronic coughs, which are neglected, or badly treated, lead up to consumption. It is the best medicine that can be taken.

## HICKS'S OCTOBER FORECAST.

A reactionary storm period is central on the 2nd, 3rd and 4th. The storm diagram indicates that the combined force of Earth and Venus continues to near the middle of this month. On and touching the 2nd to 4th return to storm conditions will be noted in falling barometer, change to warmer, bringing cloudiness and autumnal rain progressively over the country.

A regular storm period is central on the 8th, covering the 7th to the 11th. New moon falls on the celestial equator on the 7th. Low barometer, very warm for the season and general storms of thunder, wind and rain will set in about the 7th in the West and during the 8th, 9th and 10th these storms will take wide paths in their eastward sweep across the country. There will be a change to colder, bringing frost to much of the country central and northward from about the 9th to 13th.

A reactionary storm period will culminate on and touching the 14th and 15th. Threatening conditions, with autumnal rains, may continue, ending in a secondary culmination or crisis on the 14th and 15th. Much of the country will experience very cool days and frosty nights not far from the 15th to 18th. Watch and see.

A regular storm period embraces the full moon very close to the celestial equator, equinoctial phenomena not far from the 7th, as well as the period 18th to 22d. The fourth storm period covers the 18th to 22d and promises to bring decided autumnal storms. By the 20th cloudiness to rain will appear and from the 20th to 22d storm areas will make their transit east across the country. The crisis of the period will fall on the 20th and 21st.

A reactionary storm period is central on the 25th, 26th and 27th. Some early sleet to the northward will be reported before the close of this Mercury period, which is central on the 31st and extends into November.

A regular storm period begins on the 29th, is central on the 31st extending to November 3. As October comes to its close the barometer will indicate the approach of positive and general storm conditions from western sections. From about the 31st to November 30 rains will take up their march from west to east, followed by early snow and sleet over areas northward.

## THE WORLD'S CHAMPIONSHIP.

The arrangements for the series of games between the Chicago and Detroit baseball clubs have been completed. Which ever way the games may go, there will be only two in Chicago where the series opens; two games in Detroit; then two, if they are necessary, in the city where the fight began. On this, Harry Pulliam and Ban Johnson seem agreed. This is because of the possibility of one team winning four straight and leaving only one game for the other city. The Sunday game will be played in Chicago at any event, because the park there has been enlarged to accommodate 25,000.

Pulliam has suggested that the players' end of the receipts be split sixty and forty per cent, instead of seventy-five and twenty-five, and this probably will be done.

Sheridan and O'Day have been agreed on to hold the indicators. Overall is practically certain to pitch the first game for the Chicago. Brown, Reulbach, Lundgren and Pfeister complete the pitching fortifications of the Cubs.

Detroit's stand-by in the box will be Donovan, Mullin, Killian and Siever. Donovan probably will twirl the first game. Lundgren and Muller, for the second. It should make another fine battle.

In catchers, with Kling and Moran, Chicago seems to have a shade the better of Detroit's Schmidt and Payne.

At first, Chance, Chicago's manager, will oppose Rossman. Chance is considered the best man at that bag in the country.

In the infield Chicago has the advantage. In the outfield Detroit is ahead. In pitchers, Chicago looks better of the two. In catchers, Chicago is far better. But team work, harmony one thought and action—these factors will go toward determining the issue.

A Certain Cure for Croup—Used for Ten Years without a Failure.

Mr. W. C. Bott, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children have all been subject to croup and he has used this remedy for the past ten years, and though they much fear the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequalled for croup and whooping cough. For sale by Gibson & Timberman and W. F. Creighton & Co.
